CHILDREN'S REST PROVISION POLICY

We recognise that some children will need to rest at certain times.

We provide a quiet area, which is constantly supervised by a member of staff. Sleep mats, pillows, sheets and blankets are available.

Whenever any bedding is used - sheets, blankets, pillowcases – they will be laundered off the premises. Children will always use clean bedding.

Any child who wishes, can also bring in a comforter or blanket. It will be the parent's responsibility to take these home at the end of a session.
